1. **Apologies:**
Apologies were received from Cllr Mitchell, Cllr Clarke, Cllr Fitzgerald (MBC), Cllr Field (MBC), Cllr Hotson (KCC) and PC Stuart Thomas
2. **Notification of late items for inclusion in the agenda:**
Members agreed to the inclusion of item 10.10 as (a) late item.
3. **Exempt Items (Standing Order 61):**
None
4. **Maidstone Police and Rural Warden Reports:**
A representative of Kent Police was not available. Mrs Roots will request Kent Police to provide an update on crimes since the last meeting (subsequently reported for the period 13 December 2006 – 7 March 2007: five burglaries other than a dwelling, ten cases of criminal damage, four thefts from motor vehicles, one taking a vehicle without the owners consent, one theft by an employee and four other thefts.)

Mrs Roots reported that she had reported seventeen cases of fly tipping (shared with Chart Sutton). Discussions were ongoing with MBC for installation of signage and use of covert cameras. Cllr Marsh reported that he had reported an incident of fly tipping in Lower Farm Road, but no action had been taken. A letter of complaint has been written to the Chief Executive.

A request has been put in for the double yellow lines outside the school to be repainted and for enforcement action to be taken against owners who persist in parking on the lines and obstruct the junction.

The CCTV camera at Boughton Court is still operative and recording.

The rough sleeper occasionally in Walk Meadow is known to the police.

5. **Open Quarter:**

Mrs Tuck advised the meeting that the new tenants of the Albion Inn had been given notice by the new owners to expire on the 26 March when it is expected the pub will close. No one present had knowledge of the intentions of the new owner, but it was suggested that it had been sold to a developer. There was considerable concern amongst members that yet another village amenity was about to be lost. The Clerk was instructed to see if he can ascertain the name of the new owners and establish their intentions.

Members agreed to a proposal by Cllr Ellis that item 11.1 should be taken at this point to permit the public to join in the discussion on the Parish Council's response to the Local Development Framework (LDF) consultation.

Cllr Ellis requested that it be recorded that approximately 160 residents of Boughton Monchelsea, Chart Sutton and Linton parishes had attended a public meeting on the 27 February at Boughton Monchelsea village hall to view the Borough Council's DVD about the LDF and discuss the options. The overwhelming majority at that meeting voted for a fourth option combining elements of each of the three options put forward by MBC. There was virtually no support for any of the options put forward by MBC.

Residents and members discussed the three options being put forward by MBC and hereafter referred to as **Option 1** (MBC's option 3C – urban led); **Option 2** (MBC's option 11C – new 'commuter' village) and **The Council's Preferred Option** (7C – Urban regeneration and focused development in a planned urban extensions and in particular to the S.E. of Maidstone).

Cllr Munford proposed, seconded by Cllr Marsh that members support **Option 2** (11C) for a new planned Rural Service Centre for the following reasons:

1. A new Rural Service Centre at Lenham / Harrietsham would be a self sustaining development.
2. It would enable planners to work with a clean sheet to develop a community with timely provision of the community facilities needed for the scale of development required without overloading existing facilities and infrastructures.
3. It would have good access to existing road and rail links.
4. It would be a development for the 21 Century and could include new high tech business units.
5. It would have good access to hospital.
6. It would preserve the identity of Otham as a separate hamlet and an area of valuable agricultural land of attractive landscape value.

Members were against The Council's Preferred Option (7C – planned urban extension to the south east of Maidstone) for the following reasons:

1. There is no vision on the infrastructure required to provide for an extension of the existing built area on the scale proposed.
2. There was great concern about the dependence of a developer financed Leeds / Langley bypass the consequence of which might mean it was not built until near the end of the development cycle – if at all.

3. There was no confidence in the predicted growth patterns for housing being sustained during the Framework period that could be relied upon to see a Leeds / Langley bypass being built on a timescale early enough to keep pace with the growth in traffic generated by this and other development proposed in this option.
4. There is no requirement that the construction of the Leeds Langley bypass should commence before any development.
5. Maidstone already has a chronically overloaded highway system most of which is incapable of improvement except through major investment, none of which is likely to be funded by new development or from central government funding. Development of the Preferred Option will only make the problems worse.
6. Changed priorities within the Framework period may mean piecemeal development without the necessary investment going in at the outset to ensure a co-ordinated development of community facilities which will put pressure on existing facilities.
7. There is no consideration given to the consequential effects development on the scale envisaged would have on the southern parishes and the additional traffic that will inevitably use the B2163 as a route from the M20 to gain access to roads south from Maidstone.

Proposal carried 8 For: 0 Against: 3 Abstentions.

Cllr Ellis proposed that the Parish Council:

1. Actively pursue the protection of a 'green wedge' behind Oldborough Manor School down to The Quarries
2. Support some development to the rear of Mangravet and the Police Headquarters.
3. Agree to the relaxation of the village envelopes to allow scope for some limited development particularly local needs housing
4. Fully supports the continuation of the anti coalescence policy

and that the Maidstone Borough Council is so advised as part of the LDF consultation. Seconded by Cllr Munford and agreed unanimously.

Clerk to draft a response to the consultation.

6. Declarations of Interests:

Cllr Ellis asked members if they had any interests to declare in respect of any item on the agenda. All Members declared a prejudicial interest in items 9.1 being that they are all trustees of the Boughton Monchelsea Amenity Trust. However, the Standards Committee of Maidstone Borough Council at its meetings on the 28 June 2004, 4 October 2004 and 27 September 2006 has granted a dispensation to all the Members concerned.

- 6.1 DC&LG: Revised Code of Conduct for Local Authority members – consultation: No comments.

7. Minutes of the last meeting:

The minutes of the meeting held on 16 January 2007 were agreed and signed by the Chairman.

8. **Matters Arising:**

- 8.1 Arriva No 59 Service: Cllr Marsh reported that the Service 59 Saturday working group had now formed itself into the East of Maidstone Buses Working Group. A site meeting is planned with KCC, MBC and the Parish Council to discuss improvements to Marlpit bus stop and investigate a drop off point eastbound. **CLLR MARSH**
- 8.2 The Red House – Licensing application: The Clerk tabled MBC's decision on the application which was to reduce the hours requested.
- 8.3 MBC: Parish Council play area bids 2007/8: The Clerk reported that he had met a representative from HAGS Play who had advised that in her opinion the equipment met with current European standards. A bid had been submitted for access improvements to the play area from the recreation ground and car park.

Members expressed their concerns for the safety of motorists on this corner. In the absence of KHS agreeing to erect a barrier, the Clerk was requested to get a quote from KHS to provide and erect a safety barrier at the bottom of Beresfords Hill for the Parish Council to consider, without prejudice to the claims of any party as to ownership or responsibility for repairs to the wall. **CLERK**

11. Planning Report:

Cllr Bray reported the following applications had been considered by the Planning and Licensing Committee:

Items dealt with by the chairman and vice chairman under delegated authority:

MA/07/0074	Roseholme, Heath Road, Boughton Monchelsea Applicant: Darren Yeeles Erection of a rear conservatory. DECISION: No objection or comment.	13.2.07
MA/07/0130	Cliff House, Cliff Hill, Boughton Monchelsea Applicant: Mr & Mrs D. Phillips Listed Building Consent for the removal of one window to ground floor side elevation. Supply and fit one Georgian pattern window. DECISION: No objection or comment.	13.2.07
MA/07/0132	21 Church Street, Boughton Monchelsea Applicant: Mr S. Taggart Demolition of existing brick outbuilding and roof to single storey utility room. Erection of a single storey rear extension, raising of boundary wall and new flat roof to single storey utility. DECISION: No objection or comment.	13.2.07

Items dealt with by the Planning & Licensing Committee:

MA/07/0192	2 Church Street, Boughton Monchelsea Applicant: Mr A Reeves Erection of a detached two bedroom cottage. DECISION: Refuse on the following grounds: 1. The proposed development is not 'infilling' within the meaning of Policy H27 of the Local Plan as it is not part of an established development frontage and would be obtrusive in such a visually prominent position. 2. The rear of adjoining properties in Church Street, and those opposite in Haste Hill Road, will be overlooked and their privacy and amenities prejudiced by the development, contrary to Policy H19 of the Local Plan.	20.2.07
------------	--	---------

3. It would be an over development of the site and may set a precedent for further back-land development off Windmill Court if permitted.
4. The access onto Haste Hill Road is off Windmill Court, a private road. Visibility at this junction is minimal and substandard and will be made worse with the introduction of a retaining wall. Although the access onto Windmill Court is acceptable, the access onto Haste Hill Road from Windmill Court is unacceptable and contrary to Policy H19 of the Local Plan.
5. Windmill Court is a private un-adopted road owned by Gravesend Churches Housing Association and should be included in the application. The application should be considered invalid as the declaration on Certificate A is incorrect by the admission of the agent in the covering letter. Although claimed that rights of way have been established over Windmill Court, the planning authority should establish the validity of this statement before determining this application and require a resubmission or refuse it.
6. The development might increase the hazard to pedestrians using Haste Hill Road. The road is narrow at this point with no footways and not enough room for two cars to pass.
7. Development on such a prominent site, so close to the road and adjacent to a designated Conservation Area is inappropriate and would harm the overall visual amenities of the Conservation Area.

MA/07/0186	Eel House farm, Boughton Bottom Farm, Lower Farm Road, Boughton Monchelsea Applicant: Sue Townsend Extension for tourist accommodation for people with disabilities (re-submission of MA/06/1956) DECISION: Approve.	20.2.07
MA/07/0204	Britelite House, Bircholt Road Applicant: Britelite Windows Erection of a trade conservatory display area and new boundary fence. DECISION: No objection or comment.	20.2.07
